

Hello Kgpian!!

My name is ***Sanjay Bisu***.

I am a 1st year undergraduate student of the ***department of Mining Engineering***, enrolled in the four year b-tech course for the academic session 2020-21.

**I am from Sikar, Rajasthan.**

***I am a boarder of Lal Bahadur Shastri Hall of Residence.***

I am contesting for the post of ***Secretary Badminton, Technology Student's Gymkhana***, Indian Institute of Technology, Kharagpur, for the academic session 2021-2022.

If I get elected for the above mentioned post, I will request a hike in the funds for badminton from the Institute and arrange more competitions, according to the conditions that prevail(online or offline).

Since the next semester is online, I will try to arrange classes and meets for practice and to teach the skills required in badminton to make our team more effective for the coming competitions (whenever they me occur according to conditions).

Together, we can make our team strong.

Please support me on 26 July by giving me your precious vote for the post mentioned above.

For any further queries, feel free to contact me on my email-

sanjayb.iitkgp@gmail.com

Thank You.

Happy Voting!!
