

## **STATEMENT OF PURPOSE (SOP)**

### **ABOUT ME –**

I have played many sports like badminton, football, volleyball, cricket, athletics and other sports too. I was also a National Cadet Corps (NCC) Cadet which taught me discipline and handling every situations perfectly. I have been playing squash after getting enrolled in Indian Institute of Technology Kharagpur at club near my residence and I am enjoying it a lot and I prefer more candidates to join squash.

Directly coming to point, Squash Gameplay and courts at our Institute are not really in good condition as there is no awareness in students about squash. It is an game which you will play with interest once you give a chance to it.

### **Steps to be taken after being Secretary Squash:**

#### **In Offline Semester :**

If I get elected for the post of Secretary Squash Subcommittee,

- I will share my point to the institute and request to manage some funds for renovation for the squash court or try to establish a new one if there are more interested candidates, as it requires a huge amount of money and time.
- I will add some squash racquets to squash courts for students those who do not have it, so they do not miss to play squash.
- But this is all when campus reopens and we all will be there in offline mode.

#### **But Now for Online Semester :**

- we will gather all interested students and arrange classes and meets.
- Teach squash techniques and gameplay to make candidates effective and efficient to play as techniques can be learnt by students at home.
- Share knowledge and Point of view of all Squash team members at our Institute, from which you can learn through there experience at there Inter IIT matches and various other tournaments.
- We will perform physical activities and training as we have Squash coach Mr. Ishan Ahmed Sir at our Institute.
- Watching tournaments on meets and analysing all moves of famous players.
