

Hi everyone,

Let me introduce myself. I am FIZA NISSAM, first-year undergraduate student of the DEPARTMENT OF METALLURGICAL AND MATERIALS ENGINEERING, enrolled in its dual degree course. I am from KOTTAYAM, KERALA. I am a boarder of SN/IG HALL OF RESIDENCE. I am contesting for the post of Secretary LITERARY, Technology Students Gymkhana, Indian Institute of Technology Kharagpur for the academic session 2021-2022.

MY PRAYER

I humbly request your votes and support. I assure you that, if elected, I will try to the best of my ability to live up to your expectations. I promise to make our literary forum a platform for free exchange of ideas and thoughts.” **Books have the power to transport us to new worlds and different times. Books are the quietest and most constant of friends; they are the most accessible and wisest of counsellors, and the most patient of teachers.**” Let us all try to make an atmosphere conducive for reading, writing and discussion.

I PROMISE

To create an active literary forum where maximum number of students are encouraged to read more literary books, every week there will be a book reading session where a new book will be introduced. We hope to have informed discussion on new trends in literature. We will try to bring eminent literary figures to our campus. We will try to arrange talks by reputed literary figures

WE WILL

Organise regular literary competitions like poetry writing, fiction writing, essay competition, poetry recitation and elocution

Conduct workshops on creative and critical writing

Organise week long celebrations on various aspects of literature.

This is my manifesto for this election. This will not be a hollow promise. This is a genuine course of action for our literary forum. I have always been a leader, an able organiser and a motivator in my school days. I have a proven track record in all these spheres.

Please support me to fulfil this dream. Once again, I request you to vote for me and elect me as literary secretary.

For any further queries feel free to mail me or ping me using social media.
