

## SOP

Secretary Badminton Subcommittee , Technology Students Gymkhana is the student representative of all the events happening in the badminton throughout the year . It is a post which requires a dynamic leader and a passionate person. I have been passionate about all the activities, especially in sports. I have represented my school in Badminton at the district level. As I was a part of Kendriya Vidyalaya , I have visited Vidyalaya in different regions of India and have managed different events in those Vidyalayas. This enhanced my ability to solve a problem in multiple ways.

From the past couple of months I am also a part of the *International Relations Cell* and *Branding and Relations Cell*. I am also part of various activities which are being conducted in the cell.

In my school tenure , I was the School Captain of my school and also managed the regional level fests in my school. This gave me a sense of self confidence that I will be able to serve this institute in the best possible way by working for the betterment of the badminton fraternity by becoming the badminton secretary , Technology Students Gymkhana.

- VANSI AGRAWAL  
Candidate for Secretary Badminton
