

Hello everyone

My name is **Kshitija Vishal Bobade**. I am a first year Undergraduate student of the **Department of Geology and Geophysics** enrolled in the Integrated MSc course of Applied Geology. I am from **Amravati, Maharashtra**. I am a boarder of **Sarojini Naidu/ Indira Gandhi** hall of residence. I am contesting for the position of **Secretary : Journal Subcommittee**, Technology Students Gymkhana, IIT Kharagpur for the academic session 2021-2022.

About the post

The post of '**Secretary : Journal**' is mainly for the management and co-ordination during the publication of 'Alankar'. It is one of the most important Journal published once in a year.

Vision

- Taking initiatives to overcome problems during distribution of Alankar.
- Management of funds by Technology Students' Gymkhana for the journal
- Increase the co-ordination and inputs by various societies than usual so that everyone has something as remembrance
- Building up website so that the journal can reach to each and every student

As a Secretary : Journal I won't have enough powers to solely take the decisions or to implement any proposal. But as a students' representative I will try to put our issues forward to make the General Secretaries focus on issues we are facing.

The proposals I wish to put forward:

- Journal Publication on annual basis to address the issues of students
- Proper content development of the journals in accordance with the discussions held by students
- Proper management to circulate important information among the students so that they should not be deprived of the opportunities
- A website where all this information will be embedded to let students know about it

Though the powers given to secretary are not enough for the implementation of all the initiatives which students are willing to be implemented, but I hereby declare that I will use my positions wisely to put forward the needful proposals and I will be glad to take the responsibilities of management given to me to for the betterment!!

Do vote me on 26th July 2021, 9AM to 6PM, @ERP, IIT KGP
