

## My Credentials :-

- From my high school, I have been an active participant in various cultural activities and events.
- I have represented my School in the Cluster level Debating Competition alongside my team.
- Since the start of this ongoing Academic Session I have participated in every Cultural event and activities.
- I speak with no condescension that I have Secured decent position in open-IIT English and Hindi Elocution, 3<sup>rd</sup> position in former & 2<sup>nd</sup> position in latter.

## My View as Literary Secretary

- From this experience in participating in various open-IIT Cultural events, when I say that the participation Index and enthusiasm has grown all time low.

~I for one will work in direction to increase the tempo of the events and participants all the same.

- Proclamation of result and the achievers is so dull that the hardwork and talent gets unnoticed.

~Budget management and organising of the open/Inter IIT events are part of my work as Secretary for literary Sub-committee, hence I promise you confidence for proper appreciation for achievers and vibrant and flourishing participation index from KGP junta.
