STATEMENT OF PURPOSE (UNOFFICIAL)

What I wish to do -

1. Film and photography contests in IIT Kharagpur are scarce. My main focus would be to ensure more of these events are conducted during my tenure. This would not only increase the number of participating candidates but also give chances to people who missed their chance to showcase their talent publicly.

Greater number of excellent photographers from IIT Kharagpur would increase the chances of our college winning in Inter IIT contests.

2. The criteria for a good photographer may not comply with conventional means. Because of this many students might believe that they aren't good enough. But as always the best judge is never the person himself.

"beauty lies in the eyes of the beholder"

3. I will also be responsible for the movies that shall be aired in IIT KGP. That makes me responsible for the equipment and the overall systematic conduction of the same in the campus so as to make it a thoroughly enjoyable and cherishable experience for everyone else. I will air the movies under a common consensus and also try to inculcate the appreciation and love for film and cinema amongst my peers. Two/three years of JEE life drains a person's artistic side

By Tarkovsky's words -

"Relating a person to the whole world: that is the meaning of cinema."

4. I would be having the chance to look upon the conduction of an inter-IIT event and a General Championship event which would require managerial and cooperative skills with my peers and seniors and I believe that I would be able to manage the same.
