

# STATEMENT OF PURPOSE

Technology Students' Gymkhana, Elections 2021

Hello Kgprians!!

My name is **Vimal Kumar**. I am a first-year undergraduate student of the **Department of Civil Engineering** enrolled in its Btech course. I am a boarder of **Lal Bahadur Shastri Hall of Residence**. I am from **Bokaro Steel City, Jharkhand**. I am contesting for the post of **Secretary Literary Subcommittee, Technology Students' Gymkhana, Indian Institute of Technology, Kharagpur** for the academic session **2021-2022**.

## My Vision:

**"LEARN BELIEVE SUCCEED"**

1. I wish to conduct learnings based on Open To All online/offline grooming sessions to overcome **Glossophobia** which refers to the fear of public speaking.
2. I aim to increase online participation in **Literary Events** by working on the bridge of communication between the participants and organizers.
3. I will try to include new events like **Verse-Slam** and **Puppetry** in Literary Arts at our institution and I believe that we all will work together with new energy and dedication in taking these events to newer heights.

I accept the fact that the proposals mentioned above are some small steps but I believe that "Small improvements on a daily basis lead to much bigger improvements over time".

IIT Kharagpur has its legacy in achieving the maximums in the field of Literary Arts and I propose to work together with you all and add new feathers to the golden cap of our beloved institution.

## Why Me?

I put my **Integrity** and **Creativity** into action to perform tasks with **accountability**.

**Integrity:** The nourishment of moral values that I received from my parents and teachers led me to the victory in 2 consecutive **Inter-school Debate competitions**.

**Creativity:** The desire to create is one of the deepest yearnings of the human soul and this made me secure **All India Rank 02** in **National Creativity Olympiad 2018**.

**Accountability:** My ability to serve as a leader in the field of teamwork made me stand strong as an accountable associate member at **Spring Fest** and **Technology Adventure Society**.

It's time to, "Choose the **Doers**, not the **Viewers**".

Thank you.

**Vimal Kumar**

Candidate Secretary: **Literary**
